

Knuckle Flood MFL1000i

The **Brighter** Look that **Lasts**

Provides form and function with its protective grill. It is ideal for buildings, backyards, parks, signs, sports fields, and other general applications where floodlighting may come into use. Also suitable for accent, façade, landscape, parking lot, pathway, recreation, retail and security lighting.

Design

- Rugged cast aluminum “round back” housing protects internal components
- Die cast aluminum door with twin screw enclosure and hinged bottom
- Tempered, impact resistant glass lens with weather tight gasket seal
- Large .5” universal aiming swivel knuckle with various mounting adapters
- Wide, uniform beam for signs, facades and small areas
- UL1598 listed for wet locations
- Standard color is bronze, also available in black and white

Dimension
17.7”L x 13.39”W x 13”D

Induction Lighting Benefits

- Long Life – 100,000 hours
- Color rendering – 85 CRI
- Color Temperatures – 3500k, 4100k, 5000k
- Energy Efficient – High Output/Less wattage
- Longer Lumen maintenance – slower degradation
- Consistent color - Minimal color shifting
- Maintenance costs – lasts 15+ years without change out
- Instant On – Can control with photocell and motion sensor
- No flickering. No strobing. No noise
- Operating ambient temperature
-30°C (-22°F) ~ +40°C (+104°F)

Specifications/Options

- **Lamp Life:** 100,000 hours
- **Wattage:**

Lamp(System)	Replaces HID
40 (43)	100w
65 (69)	125w
- **Voltages:** 120, 208, 220, 240, 277, (480 special order)
- **Color Temp:** 3500k, 4100k, 5000k
- **Finish:** Bronze, Black, White, or Custom
